20th Annual Conference on *Innovation and Technology in Computer Science Education* (ITiCSE 2015)

6th – 8th July 2015, Vilnius, Lithuania

Association for Computing Machinery

ITiCSE is a SIGCSE-sponsored conference that has been held annually since 1996. SIGCSE is the ACM Special Interest Group on Computer Science Education.

This conference brings together delegates from all over the world to address pressing issues in computing education. In addition to keynote talks and sessions forpapers, panels, posters, and tips and techniques, the conference provides facilities and exposure for working groups, whose final reports may be published in the ACM Digital Library.

Submissions

We welcome submissions that deal with the use of technology in computer science teaching and learning, the practice of teaching computer science, and computer science education research at both university and pre-university level. Documents proposed for the conference presentation should be high quality, unpublished, original work, and will be submitted on-line.

ITiCSE 2015 will accept submissions in the following categories:
- ✓ Papers
- ✓ Panels
- ✓ Working Groups
- ✓ Tips, Techniques, and Courseware
- ✓ Posters

Following SIGCSE policy, at least one author of each accepted piece of scholarship should register, attend and present their work at the conference. Pages and deadlines for submissions are limited by the category of submission. Reviewers will assume that they are reviewing completed works, as they will eventually appear in the conference proceedings. Do not submit in-complete drafts.

The conference will begin with the Working Groups, which commence their sessions on Saturday morning **4 July 2015 and** will continue their work until Wednesday **8 July 2015**. The main conference starts on Monday **6 July 2015** and ends on Wednesday **8 July 2015**. The conference will be located in the Seimas, the Parliament of the Republic of Lithuania.
